

MOHAMED ELGAMAL

Frontend Developer — React.js / Next.js

+02 01012570502 / +02 01152428274 • m.ahmed01113@gmail.com • github.com/muhammedahmed20 • Giza-Egypt

Summary

Frontend Developer specialized in React.js and Next.js with practical experience building modern, responsive, and user-friendly web applications. Skilled in component-based architecture, API integration, state management, and performance optimization. Familiar with backend technologies including Supabase and Strapi for authentication, database management, and headless CMS integration.

Combines technical skills with strong communication and problem-solving abilities gained from several years of professional experience in customer-facing roles. Passionate about clean code, continuous learning, and delivering high-quality digital products.

Experience

Freelance

Remote

Frontend Developer (React.js / Next.js)

10/2025 - Present

- Built and delivered PlaySpot, a full-stack sports facility booking platform featuring real-time availability, booking management, and admin dashboard.
- Developed scalable and reusable UI components using React.js, Next.js, Tailwind CSS, shadcn/ui, and DaisyUI.
- Integrated RESTful APIs using Axios with optimized asynchronous data fetching and error handling.
- Implemented authentication, authorization, and role-based access control using Supabase and Strapi CMS.
- Enhanced user experience by implementing multi-language support (i18n) and dark/light theme switching.
- Published create-gml-react, an open-source CLI tool for scaffolding modern React applications.
- Deployed and maintained production-ready applications using Vercel with CI/CD workflows and environment management.

Direct — Travel Arrangements & Saudi Arabia Tourism

Cairo, Egypt

Senior Visa & Immigration Consultant

07/2021 - Present

- Handled visa and immigration operations, client consultations, and documentation processes while ensuring compliance and high-quality customer service.

Whitty Dental clinic

Remote

Social Media Specialist

09/2017 - 01/2019

- Managed social media platforms, created engaging content, and supported digital marketing and audience growth initiatives.

Concentrix

Remote

08/2016 - 07/2017

- Delivered customer support and resolved client inquiries through phone, email, and chat while maintaining high service standards.

Vodafone

Cairo, Egypt

Technical Support Specialist

05/2015 - 04/2016

- Provided technical troubleshooting and customer assistance for telecom products and services in a fast-paced support environment.

Projects

PlaySpot — Sports Facility Booking Platform

Tech Stack: React.js, Next.js, Tailwind CSS, Supabase, Strapi, Axios

- Built a full-stack sports facility booking platform for managing football, padel, basketball, and tennis reservations.
- Developed a multi-role authentication system for players and club owners with role-based access control.
- Implemented a club management dashboard for handling employees, playgrounds, bookings, pricing, and availability.
- Integrated real-time booking workflows and dynamic scheduling features.
- Created responsive and reusable UI components with modern frontend architecture.
- Added multi-language support (i18n) and dark/light mode for an enhanced user experience.
- Deployed and maintained the platform using Vercel CI/CD workflows.

create-gml-react — Open Source React CLI Tool

Interactive CLI tool for quickly scaffolding modern React applications with customizable frontend tooling and configurations.

- Developed an interactive CLI tool for generating modern React projects.
- Built Quick Mode for instant project setup and Custom Mode for configurable project generation.
- Automated setup for tools and libraries such as Tailwind CSS, React Router, Zustand, DaisyUI, and Shadcn/UI.
- Supported both JavaScript and TypeScript project templates.
- Improved developer experience by simplifying project initialization workflows.
- Published the project as an open-source developer tool.

Skills

Frontend Development: React.js · Next.js · JavaScript · HTML5 · CSS3 · ResponsiveDesign

Styling & UI: Tailwind CSS · Shadcn UI · DaisyUI · Bootstrap

Backend & Services (Basic): Supabase · Strapi · Authentication & Authorization

Tools & Workflow: Git & GitHub · Vercel Deployment · npm & CLI Tools · VS Code

Other Skills: Problem Solving - Team Collaboration - Communication Skills - Time Management
